

World Brand Vinyl 606 Adhesive

DESCRIPTION

World Brand Vinyl 606 Adhesive is a co-polymer acrylic emulsion with excellent plasticiser resistance and non-staining properties. It is protected against bio-degradation, withstands normal wet cleaning practices and is suitable for use over underfloor heating installations.

APPLICATION

The adhesive is used for bonding the following ;

- Plasticised vinyl floor and wall coverings and PVC backed carpets.
- Commercial and domestic vinyl sheeting products.
- Homogenous and foamed backed type vinyls.

COVERAGE

Approximately 3 – 5 square metres per litre depending upon the condition and absorbency of the substrate and the type of applicator used.
